Pascal Chénier

Senior Product Designer

EXPERIENCE

Senior Product Designer - Maxa

August 2026 - Present - Montréal (Qc)

Design system, user-journey discovery and agent components for an AI data platform.

Senior Product Designer - Vention

Jan 2025 - August 2026 - Montréal (Qc)

Lead Product Designer for an AI-powered industrial automation platform, designing complex CAD and robot-programming workflows that enable engineers to build, simulate, and deploy manufacturing systems efficiently.

Product Designer - Vention

Jan 2023 - Jan 2025 - 2 years, Montréal (Qc)

Product Designer piloting the “Billion Dollar Brand” initiative by creating custom components and managing the corresponding design system for the customer facing company’s website and other marketing projects.

UI/UX Designer - BRP

Feb 2022 - Jan 2023 - 1 year, Montréal (Qc)

Develop and scale a multi-brand design system and end-to-end HMI UX strategies, delivering high-fidelity interfaces through close collaboration with product and engineering teams.

UI/UX Designer - Emyode

Nov 2018 - Feb 2022 - 3 years, Montréal (Qc)

Led end-to-end design for multiple clients, translating research into high-performance, scalable features through close collaboration.

EDUCATION

Certificate in Advertising

Université de Montréal

2007 - 2008, Montréal (Qc)

Certificate in Graphic Design

Collège Ahuntsic

2003 - 2006, Montréal (Qc)
